## SEVEN REASONS TO CHOOSE WEDLAKE BELL

### 1. **Our expertise and experience**

Our expert team of employment lawyers has a wealth of experience and an excellent track record in resolving employment disputes of all kinds, in the Employment Tribunal and the High Court.

### 2. **Value for money**

For certain types of Tribunal claims we can offer cost certainty with capped charging arrangements. Whatever the case, our approach will always be to achieve a cost-effective outcome for you.

### 3. **Using technology for efficiency**

We manage the litigation process efficiently through our innovative Collaborate platform. This saves time and effort by giving everyone involved centralised and controlled access to all documents, drafts and deadlines.

### 4. **Understanding your priorities**

We do not make assumptions about how you see the potential impact of a dispute on your business. Instead, we discuss this with you at the outset and during the course of the case to ensure that we take an approach that is aligned with your priorities.

### 5. **Supporting you through the entire process**

From start to finish of any dispute, we will advise you not only on the dispute itself but also on related issues such as employee communications and preparation for public hearings, ensuring that our approach is consistent with your business aims. We also understand the importance of public perception issues and the value of receiving external PR support.

### 6. **Working with trusted Advocates**

We regularly work with some of the highest ranked barristers chambers to present your case in Court or Tribunal and are able to secure the best and most cost-effective advice on your behalf.

### 7. **Helping to protect your business interests**

We help businesses manage senior employee exits, safeguard confidential information and prevent unlawful competitive activity, advising on everything from pre-action correspondence to urgent injunction applications.
